DETAILED ACTION

1. This action is in response to applicant's response filed on May 18, 2007. **Claims 7-8, 13 and 14** are pending in the present application.

REASONS FOR ALLOWANCE

2. The following is an examiner's statement of reasons for allowance:

Claim 13 recites a telephone echo canceller and limitations for the following: " wherein the combination of the high-pass filter and soft-limiter substantially eliminate non-linear components from being included in an acoustic echo canceller from said loudspeaker to said microphone, and thereby enable a simple linear adaptation and filtering with said linear adaptive filter to substantially remove any adverse effects of acoustic echo that would otherwise occur". The prior art of record does not teach these limitations. Therefore, claim 13 is indicated allowable.

Claim 14 is essentially similar to claim 13 and hence is indicated allowable. Further, claims 7-8 being dependent from claim 13 are also indicated allowable.

New search updates reveal no other prior art which teaches the limitations in the context of the claims.

3. The claims have been re-numbered as follows:

| CLAIMS NUMBER (ORIGINAL) | CLAIMS NUMBER (FINAL) |
|--------------------------|-----------------------|
| 13 | 1 |
| 7-8 | 2-3 |
| 14 | 4 |

Claim no. 13 along with figure number 4 will be published in the Official Gazette.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
